

What can I put in my Mixed Recycle Bins?

Yes. Put these recyclables **loose** into your Mixed Recycle Bins. See special instructions below for items such as **shredded paper** and **bundled plastic bags**.

Paper and Cardboard

Containers such as jugs, bottles, cartons, cans and other rigid containers.

Containers made of glass - Food jars & bottles

Containers made of plastic labeled with recycling symbols 1-7.

Containers made of tin - Food cans and tin foil

Bundled stretchy plastic bags and cling wrap
Bundle all stretchy plastic bags, bubble wrap and cling wrap into a single plastic bag and securely tie closed.

Why? Loose bags get stuck in the sorting machines. They need to be bagged together so the workers can sort them properly.

Shredded Paper
Place shredded paper in a see-through plastic bag and tie closed.

No. Keep these items **OUT** of your Mixed Recycle Bin.

Keep our workers and equipment safe by leaving these items out of your recycling. They can injure a worker, damage equipment, cause a fire at the recycling facility or spoil the quality of good recyclables.

No household hazardous waste

If an item has a hazard symbol, then it must be taken to a Household Hazardous Waste Drop-Off, even if it's empty. Find locations at RedDeer.ca

No metal household goods
For recycling drop-off visit RedDeer.ca for more info

No household items

No bagged recyclables

Expect for a bag that contains shredded paper, or a bag that contains other plastic bags, bubble wrap and plastic wrap.

No foam containers of foam packaging (even if it has a recycling symbol)

No electronics

No needles or syringes

No shoes, clothing, toys or sporting goods

No batteries
